

About the Northern Australia Infrastructure Facility (NAIF)

NAIF is a \$5 billion development financier to provide loans (or equity) to infrastructure projects in the Northern Territory, Queensland and Western Australia.

NAIF's mission is to generate transformational growth for northern Australia, with a focus on public benefit, economic and population growth and Indigenous involvement.

NAIF Key Facts

- Since inception, NAIF has offered funding worth \$1.9bn to Western Australian projects, supporting more than 6,300 jobs.
- NAIF invests in a range of sectors that are all key economic drivers of northern Australia. We have supported projects across diverse sectors and industries including ports, roads, airports, tourism, education, agriculture, resources and renewable energy.
- Working with the Western Australian Government, NAIF has now reached contractual close of \$595.8 in transactions in the State – a critical point of economic enablement where design and construction activities commence and job creation starts.
- NAIF has made financing commitments of \$3.9 billion to projects in northern Australia. These projects are forecast to generate more than \$29 billion in economic impact and support more than 14,800 jobs (during construction and operations).

Indigenous Engagement

- All proponents applying for NAIF financing are required to provide an **Indigenous Engagement Strategy (IES)** which set out objectives for participation, procurement and employment. Positive examples of IES outcomes achieved to date include at **Onslow Marine Support Base** and **Kalium Lakes**.
- A Memorandum of Understanding has been signed between NAIF, Indigenous Business Australia and the Indigenous Land and Sea Corporation to explore development opportunities.
